DESCRIPTION

This personalised bottle holds 500 ml and is made from sodocalcic glass, model Thai, offering a slender profile (Ø6 x 22.2 cm) with a natural bamboo cap. Supplied with a felt RPET sleeve and a PU carry loop, it is suitable for offices, events and everyday use where a neat, sustainable look is required.

The felt sleeve covers most of the bottle’s height for improved grip and protection, while the bamboo cap shows natural colour and grain variations. Handle with care: remove the sleeve before washing the glass, and treat the bamboo cap gently because of its natural material.

Customise this personalised bottle for companies, clubs, associations or events. Available marking techniques include digital printing, screen printing for objects, multicolour transfer, DTF printing, flex, laser engraving, pad printing (tampography), embossing and doming.
