Average weight	0.132
Dimensions	11,7 x 7 x 1,3 CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

Compact bamboo powerbank measuring 11.7 x 7 x 1.3 cm with a 4000 mAh battery capacity, designed to recharge smartphones and small devices. The bamboo casing provides a natural, tactile finish; as a natural material it may show slight variations in grain and shade. The unit features a USB-A output, Type-C in/out, an LED charge indicator and includes a Type-C cable. Unisex design suitable for business travel, events or promotional use.

The slim profile with rounded edges fits easily into a bag or pocket; the LED indicators show remaining battery level. Its compact dimensions make it practical as a corporate gift or event giveaway. Care is straightforward: wipe with a dry or lightly damp cloth and avoid immersion to protect the electronics and wooden surface.

Not available to order per piece: minimum order 25 units. Customisation options include laser engraving, screen printing on the object and tampography (laser engraving, screen printing, tampography). Ideal for companies, clubs, associations, events and personalised gifts; our design studio can vectorise and prepare your logo. Free quote within 24 hours on weekdays; collection in Evere or delivery in Belgium, France and Luxembourg.
