## DESCRIPTION

Compact bamboo powerbank in a slim rectangular format (14.7 x 7.5 x 1.6 cm) with a 6000 mAh battery for charging phones and accessories. Features 15W wireless charging, DC 5V/2A output, USB-A port and Type-C input/output. The bamboo casing provides a natural feel and aesthetic; slight variations in grain and colour are normal for this natural material. LED indicators show the remaining charge and a USB Type-C cable is included.

The low-profile design with rounded edges makes it easy to slip into a bag or pocket. Smooth finishes and the absence of protruding parts make it comfortable for daily use, suitable as a functional giveaway for conferences, corporate kits or events.

Customisable by laser engraving and pad printing. This personalised powerbank is intended for companies, sports clubs, associations, events and private customers. Minimum order: 25 pieces (colours and sizes combined). Our graphic studio can refine or vectorise your logo and we provide a free quote within 24 hours on weekdays.
