Country of origin	China
Carton	250 pieces

DESCRIPTION

The Yapo+ phone accessory is moulded in ABS and designed as a compact, foldable stand for desks, counters or exhibition booths. It holds a smartphone upright in portrait orientation at a stable angle and folds flat for storage. The unit includes storage for nano and micro SIM cards, a SIM ejection tool, adapters (Type-C to A and Type-C to B) and a Type-C cable for charging and data transfer. Overall dimensions: 5.5 x 8.5 x 11 cm; smooth plastic finish.

The ABS construction provides everyday durability and the front notch keeps the device from slipping. No textile parts; cleaning is straightforward with a damp cloth. Supplied in several colour options (for example white) and compatible with most phone models.

Customisation is available by pad printing — great for businesses, clubs, associations, event giveaways and corporate gifts. Minimum order 125 pieces (colours and sizes combined); free quote within 24 hours on weekdays, with collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
