Country of origin	China
Carton	500 pieces

DESCRIPTION

The Key C 4-in-1 keyring charger is a compact metal phone accessory offering Type-C, Type-A and Micro USB connections. At 7.3 x 1.4 x 1 cm it is small enough to carry on a keyring and robust enough for everyday use. Wipe clean with a damp cloth.

It features a metal split ring and an integrated flat cable that keeps the connectors neatly aligned when stored, allowing multiple interfaces without the clutter of extra leads. Practical for mobile staff, conference attendees or as a corporate giveaway. Available in several colours, for example black and white.

Customisable by pad printing, this personalised phone accessory suits businesses, sports clubs, associations, events and private customers. Minimum order: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
