DESCRIPTION

The Fanny Paper bamboo fan is made for outdoor events, combining a natural bamboo frame with a lightweight paper leaf. Its folding structure and regular pleats provide a comfortable grip and effective airflow; when closed it measures 21 x 2.4 x 1 cm, making it easy to hand out at festivals or promotional events. As bamboo is a natural material, slight variations in colour and finish may occur between items.

The fan features slim, ribbed sticks and a smooth handle, opening widely to deliver good coverage while remaining lightweight. To preserve the paper leaf avoid prolonged exposure to moisture. Available in several colours — for example Black, Red or Turquoise — so you can match your event palette.

Customisation options include laser engraving and pad printing, making this item suitable for companies, associations, clubs and event organisers who want a practical, branded giveaway. Minimum order: 100 pieces (colours and sizes combined). Free weekday quote and in-house artwork studio available to prepare your logo.
