DESCRIPTION

This Lim ceramic mug (290 ml) has a straight silhouette with a generous ergonomic handle and a glossy interior contrasting with a matte exterior — a smart, modern choice for office kitchens or event gifts. Made from stoneware and measuring Ø8.5 x 10.1 cm, it features a special coating suitable for laser engraving to achieve precise, long-lasting marks.

The shape offers a comfortable hold thanks to its roomy handle and a slightly flared rim for easy drinking. The matte outside reduces visible fingerprints and provides a secure grip, while the glossy interior looks neat after use. Available in several colours such as black, white or royal blue, the mug is suited to everyday use and gifting.

Customisation available by screen printing, pad printing or laser engraving. Ideal for companies, sports clubs, associations, events and private customers; minimum order 15 pieces (colours and sizes combined) — smaller quantities can be arranged with additional fees. Our design studio can retouch and vectorise your logo.
