Ref. 6841

Reference	6841
Composition	Battery
Material	Battery
Average weight	0.316
Dimensions	14,5 x 7,9 x 3,4 CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

Compact powerbank measuring 14.5 x 7.9 x 3.4 cm with an integrated solar panel and a hand-crank dynamo for emergency charging. It has an 8000 mAh capacity, includes a 100-lumen LED torch and offers modern connectivity: USB-C (in/out) plus two USB-A outputs. The sturdy, flat form factor and an attachment loop make it convenient for mobile use and outdoor activities.

The top surface is occupied by the solar module and the casing features lateral ribs for improved grip. A power button activates the LED; the DC output is rated at 5V/2.1A suitable for charging small devices. Overall dimensions and features make it practical for events, emergency kits and fieldwork.

Customisable for companies, sports clubs, associations, events and individuals, the Dya powerbank accepts laser engraving, pad printing (tampography), digital printing and doming to apply your logo. Personalised powerbank. Minimum order quantity: 20 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
