Average weight	0.14
Dimensions	Ø6,1 x 5,3 CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

Compact wireless speaker (Ø6.1 x 5.3 cm) combining a natural bamboo top with a mesh fabric wrap. Lightweight and portable, it includes a rechargeable 300 mAh Li-ION battery for around 3 hours of playback, a 3W output and ports for SD card, AUX and USB. Bamboo is a natural material and may show slight colour and grain variations, giving each piece a distinctive look.

The design features sound slots on the bamboo top and a bamboo base that keeps the speaker stable on flat surfaces. The fabric casing and compact dimensions make it practical for events, stands or corporate gifts; AUX/USB cable included. Controls are discreet and the overall finish is suited to everyday transport and use.

This personalised speaker can be decorated by screen printing (object), laser engraving, pad printing or doming and is ideal for companies, sports clubs, associations, events and private customers. Minimum order: 25 pieces (colours and sizes combined); lower quantities may be possible with additional fees. Our graphic studio can retouch or vectorise your logo for production.
