Composition	Borosilicate glass
Material	Borosilicate glass
Average weight	0.539
Dimensions	Ø6.5 x 23.5CM
Country of origin	China
Carton	20 pieces

DESCRIPTION

The Batami bottle is a 400 ml double-walled borosilicate glass bottle, offering thermal insulation and a sleek look. It features a bamboo screw lid with a carry loop and a removable metal tea infuser, making it practical for brewing tea or infusions directly in the bottle. As bamboo is a natural material, slight variations in colour and grain are to be expected.

The cylindrical shape and clear finish make the bottle easy to grip and slip into a bag. Measuring Ø6.5 x 23.5 cm, it suits daily commuting and office use; the infuser lifts out for straightforward cleaning. Follow appropriate care for the borosilicate glass and the bamboo lid to maintain the product.

This personalised bottle can be customised by screen printing on object, pad printing or laser engraving for corporate gifts, promotional items, clubs, associations and events. Minimum order: 10 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo prior to production.
