Reference	6857
Composition	Tritan
Material	Tritan
Average weight	0.091
Dimensions	Ø6 x 22.5CM
Country of origin	China
Carton	80 pieces

DESCRIPTION

The Rem bottle in Tritan™ is a lightweight, clear bottle with a 500 ml capacity, suited to everyday use at the office, the gym or events. A sensor in the cap lights every hour as a hydration reminder; the bottle includes one CR2032 battery. Its cylindrical shape and narrow neck make it easy to hold and refill — dimensions Ø6 x 22.5 cm. Available in 1 colour (transparent).

The Tritan construction gives a clear, impact-resistant finish and the cap is neatly finished for frequent use. Care is straightforward: rinse regularly and leave open to dry after cleaning to protect the reminder electronics.

This bottle is suitable for businesses, sports clubs, associations and event giveaways and can be personalised using digital printing, screen printing on objects and pad printing. Minimum order: 40 pieces (colours and sizes combined). Our studio can prepare your artwork and we provide a free quote within 24 hours on weekdays.
