Reference	6858
Composition	Borosilicate glass
Material	Borosilicate glass
Average weight	0.292
Dimensions	Ø6 x 21.5CM
Country of origin	China
Carton	30 pieces

DESCRIPTION

This 500 ml borosilicate glass bottle features a straight, compact profile (Ø6 x 21.5 cm) suited to office use, sport and daily commuting. The glass body provides a neutral contact surface for drinks, while a protective sleeve improves grip and offers light impact protection. The cap incorporates an hourly hydration reminder light; a CR2032 battery is included. Care is straightforward: hand-wash the cap and clean the bottle as you would other glass containers.

The sleeve reduces slipping and makes carrying in hand or a bag easier. The straight shape fits standard cup holders and the wide neck allows easy refilling. Its compact dimensions make storage convenient.

Customisation available from 15 pieces: marking possible by screen printing on object, multicolour transfer, flex, digital printing or pad printing. Suited to companies, sports clubs, associations, schools and promotional events. Our artwork studio can vectorise or refine your logo; free quote within 24 hours on weekdays.
