DESCRIPTION

House-shaped bamboo cutting board designed for everyday kitchen use. With dimensions 28 x 27 x 1 cm, it provides a practical cutting surface for vegetables and bread. Bamboo is a natural material so slight variations in colour and grain may occur. The board features a juice groove to collect liquids and a hanging hole for convenient storage.

The board shows clean finishing with rounded edges and an even thickness for stability on the worktop. Care is straightforward: wash by hand and air-dry to preserve the bamboo's natural qualities.

Customisable by laser engraving, this cutting board makes a fitting gift or promotional item for companies, clubs, associations, events and private customers. Sold with a minimum order of 10 pieces; request a free quote and our studio can vectorise or refine your logo prior to engraving.
