DESCRIPTION

Round desk accessory in ABS with a bamboo top and cap, model Droppy Lux. This digital clock features a clear LCD display and is powered simply by adding water and 3 g of salt; an LR41 battery is included for memory. Its compact dimensions (8.8 x 8.5 x 8.5 cm) and bamboo detailing give a natural look suitable for desks, meeting tables or reception areas, while remaining easy to care for. As bamboo is a natural material, slight colour and texture variations may occur between items and can affect the final appearance of decoration.

The unit has a removable filling cap and a robust ABS body. The LCD sits within the bamboo disc and the product rests on a small rounded base, making it a discreet, practical accessory for everyday use.

Customisation available by digital printing, doming, laser engraving or pad printing. The Droppy Lux is ideal for companies, clubs, associations, events and private customers looking for a functional, attractive branded desk item. Minimum order: 20 pieces (colours and sizes combined) — this item cannot be ordered per piece. Free quote within 24 hours on weekdays and our studio can retouch or vectorise your logo.
