Country of origin	China
Carton	50 pieces

DESCRIPTION

The Belo Lux vacuum bottle is a 500 ml stainless steel, double-walled bottle designed to keep beverages at the desired temperature. Its tapered shape and glossy finish provide a comfortable grip; the screw cap features a touch LED thermometer to display the drink temperature. The bottle is leak-proof and compact (Ø6.5 x 25.5 cm), suitable for everyday use at work, on the go or at events.

The cap screws on securely and the slim profile fits most cup holders. Stainless steel construction makes care simple: rinse by hand and allow to air dry. A rechargeable CR2032 battery is included to power the temperature display built into the lid.

Customise this personalised bottle using digital printing, laser engraving, screen printing for objects or pad printing. Suitable for companies, sports clubs, associations, events and private customers looking for a practical, brandable item. Minimum order: 25 pieces (colours and sizes combined); free weekday quote available.
