DESCRIPTION

A cress-growing kit comprising four small terracotta pots presented in an egg-box style tray, supplied with seeds and a compressed soil tablet. Compact dimensions (11 x 11 x 7 cm) make it suitable for a windowsill or indoor herb corner; the terracotta gives a natural look and integrates well into kitchen or garden-style décor. Made in the EU.

The pots are designed for straightforward cress cultivation: insert the soil tablet into each pot, sow the seeds and keep moist. The tray keeps the four units organised for storage and transport. Available in 1 colour: beige.
