DESCRIPTION

The Sophis backpack in RPET is designed for daily and professional use. Its rectangular shape and dimensions 33x18x48 cm provide a modular capacity with several zip compartments visible in the photo, a top carry handle and padded shoulder straps for comfort. The RPET material gives it a structured feel and makes care straightforward: spot clean and air dry.

The model features robust zips, a front compartmented panel and side compression straps to stabilise contents. Clean stitching and a squared silhouette keep the bag upright when loaded, while padded back panels ensure comfortable carrying throughout the day.

This personalised backpack accepts large-area marking: screen printing (object), multicolour transfer, DTF printing or flex. Ideal for companies, sports clubs, associations and events; minimum order is 5 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and our artwork studio can retouch or vectorise your logo.
