Small seed bomb for gardening supplied in a cardboard box, designed to make sowing a blend of herbs simple. Ball approximately Ø2.5 cm, made from paper containing a seed mix (anise, mugwort, dill, fennel, chamomile and chervil). Manufactured in the EU, intended for direct sowing in a pot or outdoors: place, water and wait for germination. Suitable as a promotional item, event giveaway or welcome-kit addition.

The compact cardboard packaging protects the seed ball and makes it convenient for distribution at events. Its small size and paper construction make the item lightweight and easy to store or include in promotional boxes. Ball dimensions Ø2.5 cm; no maintenance required while stored dry prior to sowing.
