Reference	6914
Composition	Recycled Paper
Material	Recycled Paper
Average weight	0.005
Dimensions	21 x 29,7 CM
Country of origin	Netherlands
Carton	500 pieces

DESCRIPTION

A4 sheet made from recycled paper containing wildflower seeds, measuring 21 x 29.7 cm, designed as a sustainable office paper accessory for communications. The visible texture in the photo shows a naturally grainy surface, ideal for simple printed materials (cards, flyers, information sheets). No maintenance is required; the sheet can be planted after use to encourage local biodiversity.

The A4 format ensures easy integration into documents, folders and mailings. The raw finish and embedded seeds create an artisanal look and a tactile surface; the sheet remains flat enough for digital printing while adding character to your designs.

This item is suitable for personalised A4 paper via digital printing, for logos, text and full-colour artwork. Recommended for companies, clubs, associations, schools, events and individuals who want an eco-friendly promotional item or gift. Minimum order: 250 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo and we provide a free quote within 24 hours on weekdays.
