Reference	6916
Composition	Recycled Paper
Material	Recycled Paper
Average weight	0.001
Dimensions	10,5 x 14,8 CM
Country of origin	Netherlands
Carton	2000 pieces

DESCRIPTION

The Asido A6 sheet is a recycled paper accessory designed to contain wildflower seeds embedded in the fibre, ready for planting. Measuring 10.5 x 14.8 cm with a supplier-indicated weight of 80 g/m² and manufactured in the EU, its compact rectangular shape makes it suitable as an invitation card, bookmark or an eco-minded communication piece.

The surface shows a natural, slightly rough texture with visible seed inclusions; store dry prior to sowing and handle with care to avoid damaging the paper. Maintenance is limited to dry storage; for sowing, follow standard planting instructions (moisture and light conditions appropriate for wildflower seeds).

This personalised paper accessory can be customised by digital printing to add a logo, text or image. Ideal for companies, associations, clubs, events and private customers seeking a sustainable giveaway. Minimum order: 1000 pieces (colours and sizes combined); smaller quantities may be possible with additional fees. A graphic studio is available to vectorise or retouch your artwork.
