DESCRIPTION

The Plateado enamel mug is a vintage-style metal mug with an enamel coating, designed for everyday use or events. With a 350 ml capacity and a practical handle it suits hot or cold drinks. Its sturdy construction and enamel finish make it lightweight yet durable, ideal for trade stands, promotional gifts or outdoor activities.

The mug features a reinforced metal rim and a cylindrical body measuring 11x8 cm. The enamel provides a smooth surface well suited to decoration; handwashing is recommended to preserve the finish and any print. The dimensions and materials require appropriate care to maintain the enamel coating over time.

Available from a minimum order of 40 pieces, this personalised mug can be decorated by sublimation, screen printing on objects and pad printing. Perfect for companies, clubs, associations, events and corporate gifts, it accepts logos or full-coverage designs. We provide a free quotation within 24 hours on weekdays and a graphic studio to retouch or vectorise your logo.
