Ref. 6918

Reference	6918
Composition	Stainless steel
Material	Stainless steel
Average weight	0.12
Dimensions	11 x 9CM
Country of origin	China
Carton	40 pieces

DESCRIPTION

This double-walled stainless steel mug holds 300 ml and is designed for everyday and on-the-go use. The Arom model features a smooth exterior and brushed stainless interior; it is available in white. A metal carabiner handle makes it easy to clip the mug to a bag or belt. Compact dimensions (11 x 9 cm) make it handy for hot and cold drinks. The product is suitable for general use.

The double-wall construction reduces heat transfer and helps protect the hand with hot beverages; the wide mouth simplifies drinking and cleaning. The carabiner is secured with screws and remains accessible without interfering with grip. To preserve the decoration, gentle cleaning is recommended depending on the chosen marking method.

Customisation by laser engraving, sublimation and pad printing is available, making this mug appropriate for companies, sports clubs, schools, associations, events and personalised gifts for individuals. Minimum order: 20 pieces (colours and sizes combined). personalised mug.
