DESCRIPTION

The Jarblim bottle is made from soda-lime glass and holds 400 ml, featuring a straight body with a slightly tapered neck for an easy grip. It comes with a natural bamboo lid and a stainless steel straw. The glass has a frosted-like finish that gives a restrained, modern look; clean the bamboo lid by hand to preserve its appearance.

The bamboo lid may show natural variations in colour and grain. The neck accepts the included steel straw and allows simple filling and drinking. Compact dimensions (Ø7 x 13.5 cm) make it suitable for corporate gifts, event giveaways and hospitality kits.

Customize this personalised bottle using sublimation, DTF printing, screen printing on objects, pad printing, doming or laser engraving. Recommended for companies, clubs, associations, events and private customers. Minimum order: 15 pieces (colours and sizes combined). Free quote within 24 h on weekdays and an in-house design studio can prepare or vectorise your logo.
