DESCRIPTION

The Namib Bottle is a 500 ml double-walled insulated bottle made from recycled stainless steel, designed to keep drinks hot or cold. Its slim cylindrical silhouette with a wood-effect finish gives a natural look and a comfortable grip; the screw cap with metal carry loop makes it easy to transport. The bottle is leak-proof and straightforward to clean by hand. It is offered in several colour options, for example brown, among other available shades.

The standard neck and metal handle provide easy opening and secure carrying; compact dimensions (Ø7 x 21 cm) make it convenient for backpacks and cup holders. The wood-effect exterior is decorative rather than solid wood, reducing maintenance while keeping a warm aesthetic.

This item requires a minimum order of 13 pieces. We can supply a personalised bottle using digital printing, laser engraving, screen printing for objects or pad printing (tampography). Ideal for companies, clubs, associations, events and corporate gifts — our in-house design studio can retouch or vectorise your logo for a high-quality finish.
