DESCRIPTION

Compact bamboo torch with a 3-in-1 safety function: emergency hammer, seatbelt cutter and LED light, designed as a unisex car accessory. The cylindrical bamboo body is paired with a plastic head housing the LED; it runs on 2 AAA batteries (not included). Compact dimensions (4.8 x 2.8 x 13.2 cm) make it easy to store in a glove compartment or vehicle door pocket. As bamboo is a natural material, expect slight variations in grain and shade between items.

The head features a metal tip to break glass in an emergency and a guarded cutting edge for seatbelt removal; the base is magnetic for temporary attachment to metal surfaces. The smooth bamboo shaft ensures a steady grip and the torch is low-maintenance — wipe with a dry or slightly damp cloth.

This personalised car accessory is suitable for laser engraving for crisp, long-lasting marking or pad printing on the plastic head. Minimum order: 25 pieces (colours and sizes combined). Recommended for companies, clubs, associations, events and corporate gifts; free quote within 24 hours on weekdays, with collection or delivery options.
