Ref. 6946

Reference	6946
Composition	ABS
Material	ABS
Average weight	0.054
Dimensions	6,8 x 4,2 x 2,2 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

The Quaver TWS earphones in ABS combine compact earbuds with a charging case: each earbud has a built-in 30 mAh battery, automatic pairing and the case features an LCD charge indicator. Playback time is around 3 hours and the charging station holds a 250 mAh battery with Type-C cable included. The compact footprint (6.8 x 4.2 x 2.2 cm) and rigid ABS shell suit everyday portable use; clean gently with a dry or slightly damp cloth and avoid harsh chemicals.

The case offers a rigid lid and moulded recesses to secure the earphones during charging, while the LCD display shows remaining charge. Its pocket-friendly size and secure seating for the earbuds make it practical for commuters and event giveaways. Supplied Type-C cable and automatic pairing simplify setup and daily use.

Ideal for companies, events, clubs and private customers looking for functional giveaways. Customisation available by digital printing, doming or pad printing; minimum order 50 pieces (colours and sizes combined). YourVisualHere SRL can retouch or vectorise your logo to ensure a clean, professional print.
