DESCRIPTION

The Topos wooden tic-tac-toe set is a compact indoor game supplied in a cotton pouch. The pouch serves as the 3x3 playing grid while the round wooden pieces act as X and O markers, offering a natural feel and pleasant hand contact. Wood is a natural material so slight variations in grain and shade can occur. The set measures approximately 13 x 14.9 cm, making it easy to include in activity packs or event giveaways.

The pouch closes with a drawstring to keep the nine pieces secure and organised. The overall finish is simple and designed for casual play; clean gently by hand to protect both wood and cotton. Its compact format is well suited to promotions, event gifts, children’s activities and club use.

This personalised game can be customised using flex, screen printing on object, multicolour transfer or DTF printing to add a logo or motif on the cotton pouch or directly on the wooden pieces. Recommended for companies, clubs, associations, events and private buyers. Minimum order: 250 pieces (colours and sizes combined).
