Country of origin	China
Carton	50 pieces

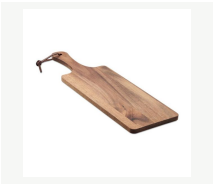

DESCRIPTION

Elongated acacia serving board designed for presenting appetizers, cheese or small plates. The Cibo model measures 38.5 x 11 x 0.9 cm and is made from natural acacia wood with visible grain that gives it a warm, rustic look; the integrated handle and PU cord make it easy to carry and hang. Clean by hand and avoid the dishwasher to maintain the wood.

The board features slightly rounded edges and a sanded finish visible on the photo, which helps when serving. Its narrow, long shape is well suited to sharing platters or refined presentations at events or in catering. As a natural product, individual pieces will show slight variations in colour and grain.

Customisation is available by laser engraving; this personalised serving board is ideal for companies, clubs, associations, events and private customers. Minimum order: 25 pieces (colours and sizes combined). Our graphic studio can retouch or vectorise your logo prior to engraving.
