DESCRIPTION

Acacia wood chopping board, Serviro model, designed for everyday kitchen use. Its rectangular shape with rounded corners and slim profile (19.5 x 15 x 0.9 cm) make it practical for chopping, serving canapés and food presentation. As a natural material, wood shows slight variations in grain and tone. A PU cord is included for hanging and convenient storage. Care: hand wash and dry immediately to maintain the wood.

The edges are smoothly sanded, providing a comfortable grip without sharp edges. The flat surface without cut-out handles offers a stable support for slicing and plating. Its compact dimensions suit small kitchens and event catering where presentation matters.

Customisation by laser engraving to add a logo, name or message. This promotional item cannot be ordered individually: minimum order of 25 pieces (colours and sizes combined). Perfect for companies, sports clubs, associations, events and corporate gifts. Order a personalised kitchen utensil; our design studio can vectorise your logo prior to engraving.
