Average weight	0.023
Dimensions	5,5 x 5,5 x 5,5CM
Country of origin	China
Carton	300 pieces

DESCRIPTION

Small wooden triangular puzzle (model Nerve) designed as an indoor game. The piece measures approximately 5.5 x 5.5 x 5.5 cm and features cord threaded through drilled holes, a wooden bead and a metal ring, creating a compact, easy-to-handle item. Wood is a natural material and may show slight variations in grain and shade. The puzzle is presented in a recycled paper box, convenient for storage and distribution.

The smooth wooden surface is pleasant to hold and simple to maintain — wipe with a dry or slightly damp cloth and avoid prolonged immersion. Its size and solid construction make it suitable as a small promotional game for events, welcome packs or activity kits.

This indoor game is available for customisation with a minimum order of 150 pieces (colours and sizes combined) using digital printing or pad printing. Recommended for businesses, schools, associations, clubs and events. Our design studio can prepare and vectorise your logo; free quote within 24 hours on weekdays.
