DESCRIPTION

This round metal tin contains 12 g of sugar-free mints – the Minto model is compact (Ø4.7 x 1.6 cm) and easy to carry in a pocket or bag. The tin features a pressed metal lid with a plastic base for a simple snap-open action; the metal construction protects the mints while keeping the item lightweight. It is practical for events, trade shows or reception counters.

The low-profile shape makes it a discreet, useful giveaway: snap closure, interior sized for 12 g mints and stable when placed on a flat surface. Available in several colours, for example Blue, Red, White, it requires no special handling for storage.

These personalised mints are produced on larger runs (minimum order 250 pieces, colours and sizes combined) using digital printing, laser engraving or pad printing. Ideal for companies, clubs, associations and promotional events looking for a handy branded item.
