DESCRIPTION

Heart-shaped metal tin designed to hold 24 g of sweets — a compact promotional item for giveaways, events or hospitality packs. Its low-profile dimensions (6.5 x 6 x 1.8 cm) make it easy to carry and to place on a counter. The metal construction provides a smooth, durable finish that is straightforward to clean and handle. The Lovemint model is available in several colours, for example red and white.

The tin's rounded edges and recognisable heart silhouette offer a tidy area for subtle branding while keeping a slim overall footprint. Its small capacity and compact shape make it practical for bulk distribution at trade shows, conferences or celebrations and simplify storage and transport planning.

Branding options include laser engraving and pad printing (tampography). Suitable for companies, clubs, associations, events and private gifts needing personalised mints and sweets. Minimum order: 250 pieces (colours and sizes combined). Free quote and in-house graphic studio available to prepare your artwork.
