DESCRIPTION

This house-shaped money box is a playful, decorative item made from PS plastic. Its compact dimensions (10 x 8.5 x 9 cm) make it suitable for offices, children's rooms or promotional events. The house silhouette with molded details (chimney, windows and a slot on the roof) is easy to use and simple to keep clean with a wipe-down.

The model features a coin slot in the roof and molded window and chimney details that enhance its decorative appeal while maintaining durability. Available in several colour options (e.g. transparent), it sits steadily on a flat surface and is convenient for counters, shelves or giveaways.

Customisation is available for a personalised money box using digital printing or pad printing. Minimum order: 25 pieces (colours and sizes combined) — smaller quantities may be possible with additional fees. Suitable for companies, clubs, associations, events and private customers; our design studio can retouch or vectorise your logo prior to production.
