Country of origin	China
Carton	200 pieces

DESCRIPTION

The Musisoft silicone earphones are designed to help isolate external noise for improved sound quality. Supplied in a compact plastic case (7 x 7 x 1.9 cm), they include a 120 cm cable that can be neatly stored inside the box and two sets of silicone tips for a more comfortable fit. External parts are made from PS, making the unit lightweight and easy to carry.

The square, low-profile case protects the earphones and allows convenient storage. Interchangeable silicone tips enhance acoustic seal and comfort; the cable can be wrapped around the internal compartment to reduce tangles. The frosted finish of the case provides a discreet, professional appearance suitable for everyday use.

These personalised earphones are ideal for companies, sports clubs, associations, events and private customers. Personalisation techniques available: tampography, digital printing, doming. Minimum order quantity: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
