DESCRIPTION

Alucolor metal pen set comprising a push ballpoint pen (blue ink) and a mechanical pencil presented in a metal case measuring 16 x 5.3 x 2 cm. The foam insert secures both items for a tidy presentation and the metal construction offers a solid feel and professional look; care is limited to wiping with a damp cloth when necessary.

The hinged case features a dedicated moulded compartment for the two writing instruments, making the set suitable as a corporate gift or conference giveaway. The pens have a grooved grip area near the tip and metal clips for easy attachment to pockets or notebooks.

This set can be personalised by laser engraving or pad printing (laser engraving, pad printing) and is intended for companies, agencies, associations, clubs and private customers looking for a refined promotional item or welcome kit. Minimum order quantity: 50 pieces.
