Reference	7369
Composition	ABS
Material	ABS
Average weight	0.341
Dimensions	7 x 5,5 x 27,5 CM
Country of origin	China
Carton	10 pieces

DESCRIPTION

The Fastop electric corkscrew is a vertical kitchen utensil in ABS with a matt finish and a slim, upright profile. Its narrow grip provides secure handling while two visible control buttons operate the electric opening. A capsule cutter is integrated into the base; the unit requires 4 AA batteries (not included). At 7 x 5.5 x 27.5 cm it is compact and easy to store in professional kitchens or at events.

ABS construction gives the corkscrew strength without excess weight; the base stabilises the unit during use and protects the cutter. The exposed assembly and metal control accents offer straightforward ergonomics, and maintenance is simple with a damp cloth—do not immerse.

This electric corkscrew can be personalised by tampography for promotional gifts, hospitality supplies or event merchandising. Minimum order: 5 pieces (colours and sizes combined). Suitable for companies, hotels, restaurants, clubs and events. Our graphic studio can prepare or vectorise your logo prior to marking and a free quote is provided on weekdays.
