Ref. 7602

Reference	7602
Composition	PET
Material	PET
Average weight	0.061
Dimensions	45 x 40 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

Mini Visible children's high-visibility vest for ages 4-7, made from PET (100% polyester) and meeting EN17353. The sleeveless V-neck cut measures 45x40 cm and is designed to be worn over other clothing; the lightweight fabric provides durable visibility thanks to wide horizontal reflective bands. Care should follow the manufacturer's instructions.

The vest features wide arm openings, visible seam construction and two horizontal reflective strips encircling the torso for enhanced detection. It is offered in multiple colours, for example yellow. This item is a reflective accessory rather than standard apparel and is supplied in the stated child size.

Customisation available via screen printing, transfer printing, DTF printing or flex. Suitable for schools, sports clubs, associations, youth movements, events and public bodies needing personalised reflective vests; minimum order: 50 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
