Carton	200 pieces

DESCRIPTION

The Cartopad notebook is a compact recycled-paper notebook (11 x 8.5 x 0.9 cm) designed for everyday use in offices, events or meetings. Its soft paper cover offers a natural grip and protects 160 lined pages (80 sheets) for notes and appointments. The matching mini ballpen with a push-button is made from recycled cardboard with biodegradable plastic parts and blue ink. The item is available in several colours, for example Black, and other shades from the range, and is produced using FSC-certified paper.

The slim profile and binding make it easy to slip the notebook into a pocket or bag, while the integrated pen holder keeps the pen secure for mobile use. The visible paper texture underlines the product's eco-friendly positioning; care is limited to replacing the pen when needed.

This personalised notebook can be marked by pad printing, suitable for companies, associations, clubs or events seeking a sustainable promotional item. Minimum order: 100 pieces (colours and sizes combined). A free quote and our graphic studio are available to prepare or vectorise your logo.
