Average weight	0.057
Dimensions	11 x 5,5 x 3,7 CM
Country of origin	China
Carton	50 pieces

DESCRIPTION

This wireless optical mouse in a car shape is a compact, eye-catching office accessory. Made from ABS with a glossy finish, it houses the receiver in the "boot" and operates at a maximum range of about 10 m. Powered by 2 AAA batteries (not included), it offers 800 dpi resolution and measures 11 x 5.5 x 3.7 cm, making it easy to carry and practical for busy desks.

The design reproduces a streamlined car body with moulded details suggesting a bonnet and wheels; formed roof and window areas and crisp lines improve grip and provide a neat, purposeful look in everyday use. The durable ABS construction ensures it stands up well to regular handling.

Aimed at fairs, corporate gifts and event merchandising, the Speed can be customised by pad printing. Minimum order: 25 pieces (colours and sizes combined); smaller quantities may be possible with additional charges. We provide a free quote within 24 hours on weekdays and our graphic studio can retouch or vectorise your logo. Suitable for companies, sports clubs, associations, events and private customers.
