DESCRIPTION

Transparent PVC bottle cooler designed for a single bottle, practical for keeping drinks chilled at picnics or outdoor events. The PVC construction offers flexibility and watertight performance; compact dimensions (9.5 x 9.5 x 25 cm) suit most standard bottles. Freeze the cooler before use to activate the cooling effect.

The Bacool model shown features internal segmented chambers that distribute the cooling medium around the bottle and two fixed carrying loops for easy transport. Its narrow, upright shape provides good vertical stability and takes up little space in bags or coolers. The PVC surface is easy to wipe clean.

Brand this bottle cooler with screen printing to promote your organisation at events, for clubs, associations, companies or as corporate gifts. Minimum order: 50 pieces (colours and sizes combined); a free quote is provided within 24 hours on weekdays. YourVisualHere offers a graphic studio to prepare or vectorise your logo, standard production with express options for stocked items, and collection in Evere or delivery in Belgium, France and Luxembourg. personalised kitchen utensils.
