Reference	7780
Composition	PP
Material	PP
Average weight	0.079
Dimensions	23 x 17,5 CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

The Warmix ice scraper mitten for cars (23 x 17.5 cm) is designed to remove frost and snow while keeping the hand protected from cold. The outer PP shell resists moisture and the synthetic sheepskin cuff adds comfort during use. The mitten shape provides a secure grip and the rigid plastic scraper makes quick work of ice on windscreens and side windows.

The item is available in several colours, for example red, blue or black. Its smooth outer surface provides a consistent area for branding and is easy to wipe clean. Compact dimensions make it convenient to store in the glovebox or rear parcel shelf.

This personalised car accessory can be customised by flex, multicolour transfer, DTF printing or digital printing. Suitable for companies, sports clubs, associations, events or as a customer gift. Minimum order: 50 pieces (colours combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
