Reference	7883
Composition	PP
Material	PP
Average weight	0.035
Dimensions	19,5 x 14 x 14CM
Country of origin	China
Carton	100 pieces

DESCRIPTION

The Promocool insulated bag is designed to hold up to 6 cans (3L capacity) in a compact cube shape measuring 19.5 x 14 x 14 cm. Its PP non-woven outer fabric conceals a laminated foam insulation with an aluminium foil layer to help retain cool temperatures. It features a side carry handle and a zip-around top for straightforward access. The bag is available in several colours, for example Black, Blue and Red.

The pictured model shows contrasting trim and a full zip that closes the lid, providing a stable box-like structure that keeps its shape in use. The aluminium-lined interior wipes clean easily, making the bag practical for picnics, promotional giveaways and outdoor events.

Customisation options include screen printing, multicolour transfer, DTF printing or flex for applying your logo. Minimum order: 50 pieces (colours combined). Suitable for businesses, clubs, associations, events and corporate gifts. Free quote within 24 hours on weekdays; collect from our Evere workshop or opt for delivery in Belgium, France and Luxembourg.
