Tactile gloves for smartphones

Ref. 7947

Reference	7947
Composition	Acrylic
Material	Acrylic
Average weight	0.028
Dimensions	21 x 12 x 1 CM
Country of origin	China
Carton	200 pieces

DESCRIPTION

Touchscreen gloves in acrylic with a classic fit and ribbed cuffs to retain warmth. Three fingertip tips include conductive fibres so you can use a smartphone without removing the gloves. The acrylic with elastane blend gives stretch, so sizing may vary slightly. Approximate dimensions: 21 x 12 x 1 cm.

Knitted finish with a snug cuff that reduces drafts and improves comfort. Gentle washing is recommended to preserve the conductivity of the fingertip areas and the knit structure.

These personalised gloves can be decorated by embroidery (broderie = borduren / embroidery). Suitable for businesses, sports clubs, associations, events and promotional uses for individuals. Minimum order: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, in-house design studio available to vectorise or refine your logo, standard production lead time 10 working days, collection from our Evere workshop or delivery in Belgium, France and Luxembourg. Available in several colours, for example Noir and Bleu.
