DESCRIPTION

The Weighit luggage scale is a compact travel accessory in PVC designed to check luggage up to 40 kg. Its elongated, ergonomic body fits comfortably in the hand and features a clear digital display with an on/off button on the top. A textile strap with a quick-release buckle secures the scale to bags for reliable weighing. Dimensions are 10 x 3.7 x 2.7 cm and a button cell battery is included; the unit can display kilograms or pounds.

The strap and buckle give a stable hold when lifting the luggage for weighing and the smooth PVC/ABS surface is simple to wipe clean. The slim profile makes it convenient to store in travel kits or carry-on compartments.

This personalised accessory can be customised using pad printing. Well suited to companies, sports clubs, associations, events and corporate gifts. Minimum order: 25 pieces (colours combined). Free quote and graphic studio available; collection from our Evere workshop or delivery in Belgium, France and Luxembourg.
