Country of origin	China
Carton	250 pieces

DESCRIPTION

Compact bike light set in PP, model ByLux, designed for outdoor use. Supplied as two lights (white and red) in a white PP box, dimensions 9x4x2 cm, and powered by the included button cells. The PP construction gives a smooth, easy-to-clean surface and a lightweight feel, making it suitable for everyday urban rides and leisure cycling.

The round, space-saving lights are stored in a simple snap-close case that protects the items while remaining convenient to carry in a bag or saddlepack. The translucent housing reveals internal components without compromising robustness, and the compact format ensures quick attachment to most bicycles.

Customisation available by doming and pad printing for marking the box or flat areas of the lights. Ideal for companies, sports clubs, associations and promotional events; minimum order: 125 pieces (colours and sizes combined). Free quote within 24 hours on weekdays, collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
