DESCRIPTION

The Multibook notebook is a compact spiral-bound notepad (13x9x0.5 cm) made from recycled paper and cardboard with a soft cover. It contains 40 lined sheets, an elastic pen loop and a push-button ballpoint pen made from recycled cardboard and biodegradable plastic, with blue ink. The set includes a pad of 25 recycled sticky notes and five coloured page markers. It is a practical pocket-sized notebook for everyday note-taking.

The top spiral binding allows one-handed use and the cover protects the pages. The bottom pen holder secures the pen for on-the-go use, and star-shaped sticky tabs at the top provide quick markers. Its dimensions and features make it suitable for meetings, trade shows and fieldwork.

This item can be personalised using pad printing, suitable for marking the cover or the pen. Recommended for companies, sports clubs, associations, schools, events and private customers — minimum order: 100 pieces. A free quote is provided within 24 hours on weekdays and our studio can retouch or vectorise your logo.
