DESCRIPTION

The Alaska multifunction pen features a metallic look and is presented in a wooden gift box. Intended for office use and corporate gifting, the pen combines blue ink, a white LED and a red laser pointer and includes three button cells. Its MDF body gives a clean finish and comfortable feel; dimensions are 15.5 x 4.6 x 2 cm with an integrated clip for easy carrying. Maintenance is limited to battery replacement and ink refills as needed.

The wooden box protects the pen and enhances presentation for client gifts or promotional kits. The elongated, smooth shape ensures comfortable handling and simple operation of the functions (ink twist or mechanism, push button for LED and laser). Its compact size makes storage and shipping straightforward.

Customisable by laser engraving and pad printing, this personalised accessory is suited to companies, sports clubs, associations, events and individuals seeking a practical branded gift. Minimum order: 100 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; in-house design studio available to prepare or vectorise your logo.
