Reference	8211
Composition	Aluminium
Material	Aluminium
Average weight	0.016
Dimensions	Ø1 x 13,5 CM
Country of origin	China
Carton	500 pieces

DESCRIPTION

The Quim ballpen-stylus in aluminium is designed for everyday writing. Its matte finish and tapered profile give a comfortable grip, while the responsive stylus tip works on touchscreens and the ballpoint uses blue ink for smooth paper writing. Compact dimensions (Ø1 x 13.5 cm) make it convenient to carry in bags or pockets for meetings and events.

The metal body provides a solid feel and durability. The pen includes a metal clip and a twist mechanism to extend the tip. Care is straightforward: wipe with a soft cloth when needed and avoid harsh solvents that could damage the matte surface.

This item can be customised as a personalised pen using laser engraving or pad printing (tampography), suitable for logo placement on the barrel or clip. Recommended for companies, clubs, associations, events and individuals. Minimum order: 250 pieces (colours and sizes combined). Free quote within 24 hours on weekdays; collection at our Evere workshop or delivery in Belgium, France and Luxembourg.
