Average weight	0.015
Dimensions	32 x 3 CM
Country of origin	China
Carton	1000 pieces

DESCRIPTION

The Enrollo reflective armband is a promotional item described as metal construction with a PVC reflective surface, measuring 32x3 cm. Its slim, flexible shape slips on easily around the arm or can be attached to bags to improve visibility in low light. It is designed for frequent outdoor use and simple cleaning. Available in several colours, for example Yellow, Orange and Silver.

With no pockets or closures, the straightforward design features a smooth, reflective finish that lies flat against the limb or gear. Its light profile makes it convenient for staff, participants or volunteers during night-time events and safety patrols.

Customisation is possible by pad printing to apply a logo, name or short message; recommended for companies, sports clubs, associations, schools and events looking for personalised reflective armbands. Minimum order: 500 pieces (colours and sizes combined). We provide a free quote within 24 hours on weekdays and have an in-house design studio to prepare or vectorise your logo.
