DESCRIPTION

The Knocking barbecue is a compact metal grill designed for outdoor use and small gatherings. With dimensions Ø30x40cm, it features a round bowl and a removable domed lid, mounted on three metal legs for stability. A wooden handle on the lid makes handling easier and the chrome cooking grate allows direct grilling. It's suited to picnics, camping and small garden get-togethers where portability and straightforward assembly matter.

The dome unclips for quick cleaning and the grate lifts out to remove burnt residues; routine care consists of brushing and wiping. For branding, this personalised barbecue is best marked by pad printing to apply a logo or design onto the metal surface. Minimum order: 2 pieces (colours and sizes combined). Recommended for companies, clubs, associations, events and individuals seeking a practical promotional item.
